Midland Institute of Mining Engineers' 13th ANNUAL SAFETY SEMINAR

Part of the remit of the Midland Institute of Mining Engineers (MIMinE) is to provide a conduit for the sharing of experience and disseminating information, particularly regarding health and safety issues within the industry.

In order to facilitate these important matters, MIMinE is holding its 13th Safety Seminar, with technical papers of relevance to mining and mineral extraction.

This annual event attracts a diverse audience which includes senior personnel, procurement managers, trade unionists, students and apprentices.

The event also features company exhibition stands and ample opportunities for delegates to network during break times.
Pre-registration is essential to secure your place.

Anticipated papers to be presented include:

Matthew Evans - Trolex

A new age of particulate monitoring.

Mark Thompson - TFL

Focusing on safety in the tunnelling industry and lessons learned from the mining industry.

Jim Holmes - Health & Safety Authority (HSA) in the Republic of Ireland

Managing the challenge of change in Irish mines.

Steve Ainsworth - Lovell Stone Group

Mining dimensional stone and controlling major hazards at Hartham Park underground quarry.

Peter Altounyan - West Cumbrian Mining

Mining high quality British metallurgical coal for the steel industry at home and abroad.

Trevor Matthews - Dalradian Gold

Gold mining in Northern Ireland.

Kevin Melong, Rob Nichols - AMC

An innovative construction provider for the global mining industry.

Dr Neil Slatcher - 3D Laser Mapping

Safety first.

VEHICLE SAFETY

Daniel Brunt - Ardent

Anti-collision advice

Colin Darcy - Manitou

Diesel exhaust emissions

Adrian Barrett - PBE

PAS safety system for people and non-man objects

Event

Midland Institute of Mining Engineers'
