Midland Institute of Mining Engineers' **14th ANNUAL SAFETY SEMINAR**

Part of the remit of the Midland Institute of Mining Engineers (MIMinE) is to provide a conduit for the sharing of experience and disseminating information, particularly regarding health and safety issues within the industry.

In order to facilitate these important matters, MIMinE is holding its 14th Safety Seminar, with technical papers of relevance to mining and mineral extraction.

This annual event attracts a diverse audience which includes senior personnel, procurement managers, trade unionists, students and apprentices.

The event also features company exhibition stands and ample opportunities for delegates to network during break times.
Pre-registration is essential to secure your place.

Confirmed papers to be presented include:

Andrew Fynn - Canopus

Mining insurance and risk management - an insurer's viewpoint

Andy Lidstone - Risk-Tec

The use of bowties to aid the management of risk

Keith Williams - Health & Safety Executive

Major hazard control in mines - a regulator's view

Sarah Boad - The Institute of Materials, Minerals and Mining (IOM3)

Benefits of Professional Membership of the Institute of Materials, Minerals and Mining

Clare Ratcliffe - Compass Minerals

Competency Based Training
