

# THE J F TUNNICLIFFE MEDAL

The John F Tunnicliffe Medal is an award for early career engineers under the age of 35. The medal is awarded on the basis of work of an outstanding quality by a young engineer from any engineering discipline.

This competition is held jointly by Midlands Institute of Mining Engineers (MIMinE) and North of England Institute of Mining and Mechanical Engineers (NEIMME).

## Eligibility:

Engineers (in the broadest sense of the word) under the age of 35. Applications from both industry and academia are encouraged. Applicants are expected to be members of MIMinE or NEIMME which can be arranged as part of competition entry.

## Judging Process:

Entrants must give a 20 minutes presentation on their work with an emphasis on their independent contribution to any project. This will take place before a joint MIMinE/NEIMME judging panel, who will decide the final nomination for the award.

## Entry is based on geographical region:

Entries via MIMinE, contact: [office@themime.org.uk](mailto:office@themime.org.uk)

Entries via NEIMME (*Durham, Northumberland, Cumbria, Tees- and Tyne-Side*) contact: [office@mininginstitute.org.uk](mailto:office@mininginstitute.org.uk)

## Closing date: Friday 16 July 2021

A cash prize of £500 will be awarded to the winner announced at the AGM in 2021.

Professor J F Tunnicliffe has been an active member of the Governing Board of the Midland Institute of Mining Engineers for over 50 years and a member of the North of England Institute of Mining and Mechanical Engineers for over 30 years. He has been heavily involved in both local and national mining institutes, has held senior positions in industry and academia, and has encouraged students and early career professionals to develop their skills.
