## **Young Members Mine Site Visit to Boulby**

The Midland Institute of Mining Engineers continues to encourage and support its younger members in gaining knowledge and experience of operational mine sites.

Join us at Boulby Mine and learn about the latest technology and practices being utilised at the world's only Polyhalite mine. The trip may include some of the following:

- A descent of over 1km in via shaft access to Europe's second deepest mine
- Visits to see continuous miners, shuttle cars, crushers, rock bolters and/or materials handling conveyors in action
- Transport underground through deep mining areas in temperatures of up to 40 degrees
- Introductions to keen and talented industry professionals with a passion for mining

If you are interested in coming along, then please apply by email.

Priority will be given to MIMinE Members and students.

'Younger Member' eligibility classed as anyone aged 35 and under.
